

# MY CHURCH RISING

## **Why Are We Building?**

We are building to accomplish the mission to which God has called us. If we are to repossess Tucson and all of Southern Arizona with the love of Jesus Christ, we must shift our energy from simply doing church ie. set up and tear down, to being the church.

Placing our emphasis on building a community of believers that fellowship, worship, and serve God in ways that reach out to our community and offer tangible, life-changing opportunities for them to come in contact with God.

## **Mission Vision**

The sanctinaysium design is a piece of accomplishing our mission. We will remove barriers by creating a space that is useable and dedicated to the needs of our community; by loving God and people as the facility allows us to grow together and connect with God throughout the week. It will also provide a base from which to serve our community. This base allows us to bring growth in our ability to train Christians in accomplishing the great commission of going to all the world and making disciples and baptizing in the name of the Father, the Son and the Holy Spirit.

- Pastor Dusty

## **What Will it Bring to Sahuarita?**

- Platform from which to operate to accomplish the mission
- Facility and gymnasium set aside 6 days a week for use by the community
- The right tool for the job of ministry that will have impact  
(12 years without the tool is losing its impact for ministry and its leaders)
